

A1. Nudge:

SL: You don't want to sleep on this

PV: N/A

Hey {first_name},

Thanks for showing up to the free live masterclass earlier.

If you've already submitted your application form, then feel free to ignore this.

If you haven't yet, then this is your nudge to do it.

The excitement will be gone by the weekend, because the value that you've just received has a shelf life to it.

You can get started with that right here: [LINK]

My team can't wait to check it out.

A2. Case Study:

SL: Zero to hero

PV: N/A

Hey {first_name},

Let me tell you about one of my students named Joshua.

He was working at a post office in the middle of nowhere when he came to me.

We got his very first storefront rolling shortly after.

He ended up taking home roughly twenty thousand dollars in our fourth month together.

The only thing standing between him and yourself is making a change.

SL: Freelance Middleman in a nutshell

PV: N/A

Hey {first_name},

You showed up to the free live masterclass.

This means that you got access to an offer that I'm not making in the same way anywhere else.

I'm talking about *Freelance Middleman* of course:

- One-on-one coaching calls for weekly sessions between us.
- One-on-one access for a direct line of communication to me.
- Group coaching calls for multiple events per week together.
- Course content for recorded lessons covering everything.
- A community for a network of others.

There's a ton of bonuses that I'm not mentioning right now like *The Customer Compass*.

The only setback will be remaining stuck where you are forever.

SL: Here's the replay

Hey {first_name},

It looks like you couldn't make it to the [free live masterclass](#).

I'll get you right with the replay though: [LINK]

This won't be up forever, so give it a watch while you still can.

Let us know what you think.

N2. Recap:

SL: I'm giving you one last chance

PV: N/A

Hey {first_name},

Let me summarize the free live masterclass real quick...

There are two aspects of copying and pasting the dropservicing strategy behind my seven-figure home service empire.

This is without endless capital, skills and experience, or a location.

Manual labour forces you to perpetually trade time for money.

It requires a variety of overheads, picking up trades in the first place, and being available for the tasks at hand.

This means that you're diving into things headfirst, your earning potential is delayed by years, and your income is capped by location.

Dropservicing gives you the opportunity to provide value in exchange for money.

It comes down to letting the subcontractor do their thing, introducing the customer to the professional, and running storefronts across the globe.

The result is that you're putting nothing down, you profit off the supply-demand gap, and your success is tied to expansion.

I'll only be keeping the replay up for a little longer.
