

1. Confirmation:

SL: The discovery call has been scheduled

PV: N/A

Hey {first_name},

You've officially scheduled the discovery call.

Please do two quick things before you close this...

The first is saving and bookmarking your access now: [LINK].

The second is blocking off forty-five minutes in your calendar: [LINK].

My team is looking forward to it.

2. Unique Mechanism:

SL: The shift that changed everything

PV: N/A

Hey {first_name},

I want to walk you through something prior to speaking with them on the discovery call.

Manual labour forces you to perpetually trade time for money.

It requires a variety of overheads, picking up trades in the first place, and being available for the tasks at hand.

This means that you're diving into things headfirst, your earning potential is delayed by years, and your income is capped by location.

Dropservicing gives you the opportunity to provide value in exchange for money.

It comes down to letting the subcontractor do their thing, introducing the customer to the professional, and running storefronts across the globe.

The result is that you're putting nothing down, you profit off the supply-demand gap, and your success is tied to expansion.

They'll map it all onto your situation and come up with a game plan throughout it.

My team is looking forward to it.

3. Recap:

SL: Freelance Middleman in a nutshell

PV: N/A

Hey {first_name},

I don't want you entering the discovery call without any idea of what's on the table.

Freelance Middleman is where we work with you to copy and paste the dropservicing strategy behind my seven-figure home service empire.

This is without endless capital, skills and experience, or a location.

Here are the main deliverables inside of it:

- One-on-one coaching calls for weekly sessions between us.
- One-on-one access for a direct line of communication to me.
- Group coaching calls for multiple events per week together.
- Course content for recorded lessons covering everything.
- A community for a network of others.

There's a ton of other bonuses that I'm not mentioning right now like *The Customer Compass*.

The only setback is remaining stuck where you are forever.

My team is looking forward to it.

4. Case Study:

SL: Zero to hero

PV: N/A

Hey {first_name},

Let me tell you about one of my students named Joshua.

He was working at a post office in the middle of nowhere when he came to me.

We got his very first storefront rolling shortly after.

He ended up taking home roughly twenty thousand dollars in our fourth month together.

The only thing standing between him and yourself is making a change.

You're closer than you think and they'll get into that more with you on the discovery call.

My team is looking forward to it.

- Barry

5. Objection Handling:

SL: Let me stop you in your tracks

PV: N/A

Hey {first_name},

I'm going to answer some of my frequently asked questions to remove all of the fluff from the discovery call.

Here are the ones that I've been getting the most lately...

You might think that you'll be pushed into some sort of deal.

The whole point of this is to determine whether or not it's a great fit.

You might think that they'll make you feel bad if you decide against it.

The reality is that we'd rather you walk away than commit while being on the fence.

You might think that you need to have everything lined up beforehand.

The idea is that we fill in the blanks together.

You might think that you're walking into things completely blind.

The truth is that they're going to come up with a game plan based on your situation.

I can guarantee that you'll find it insightful and helpful anyway.

My team is looking forward to it.

6. Conviction Building:

SL: It's different this time

PV: N/A

Hey {first_name},

I'm sure you understand copying and pasting the dropservicing strategy behind my seven-figure home service empire.

This is without endless capital, skills and experience, or a location.

You might be wondering whether or not it actually makes sense to pursue though.

It's important to understand that there are more customers and professionals of the home service industry than ever, but a handful of people matching the two together.

The thing is that doing this alongside somebody who's done it successfully lets you skip past the guesswork.

The discovery call will give you a chance to learn more about that.

My team is looking forward to it.

7. Reminder / Risk Reversal:

SL: It's going down

PV: N/A

Hey {first_name},

The discovery call is happening later today.

Let me take some of the weight off your shoulders beforehand.

We have a guarantee to keep working with you free of charge.

This is if you end up struggling to find success.

The only way to lose is by never taking a real strike at winning.
