

1. Confirmation:

Text:

You guys are officially registered for the free live masterclass.

I'll be dropping the link and pinning it to the description closer to the time.

It's worth blocking off ninety minutes in your calendar too.

2. Lead Magnet:

Text:

Your free gift is ready by the way guys.

The Customer Compass is pinned in the description right now.

3. Unique Mechanism:

Video:

I want everybody that's registered for the free live masterclass to copy and paste the dropservicing strategy behind my seven-figure home service empire.

This is without endless capital, skills and experience, or a location.

Manual labour forces you to perpetually trade time for money.

Dropservicing gives you the opportunity to provide value in exchange for money.

I'll be teaching everything that goes into this inside of the free live masterclass.

4. Narrative:

Video:

Let me give you some context real quick.

I spent my childhood in a motel and my adolescence on food stamps.

This tricked me into going the safe way of college and a corporate job.

I had \$40,000 in debt when I came across the business model that made me a millionaire.

I'm still running multiple storefronts and helping others do the same.

5. Future Pacing:

Video:

I want you to picture this for a second.

You wake up whenever you like, wherever you please, day in and day out.

You spend some time dealing with customers, interacting with professionals, and working on storefronts.

You take the rest of the day off while earning on autopilot.

This is the life that dropservicing has handed over to me.

6. Sneak Peek:

Voice Note:

You guys keep asking me what the free live masterclass is all about.

Let me give you a sneak peek into the three pillars that I'll be going through.

The first is how to attract deals from customers with demand.

The second is how to assign deals to professionals with supply.

The third is how to scale both horizontally and vertically.

There's going to be a Q&A for the ones that stick around until the end.

7. Objection Handling:

Video:

I hope you guys are fine with me reading your minds real quick.

Are you really teaching everything inside of it? I've refined this to what's actually going to move the needle.

Isn't it all on your YouTube channel anyway? The whole point of this is to hand you the full picture rather than scattered pieces of it.

Will it turn into one grand pitch? I'm teaching this all whether you work with me or not.

What if I simply catch the recording? Being there in person helps extract as much value as possible.

I'll get into everything else throughout the free live masterclass.

8. Addressing:

Video:

I'm just going to be straightforward with you, because I get asked this all the time.

It's a common misconception that I have to choose between doing it myself or helping others.

I'm a player and a coach, so I'm doing it myself and helping others.

This also gives me the chance to learn from everybody who gets results.

9. Reminder / Recap:

Text:

Today is the day people.

I'll be going live at 7:00 PM EST.

There will be three pillars and a Q&A.

It's so clear and concise that you should be set after only an hour and a half.

I'm going to pin the link in the description and send it through a little later.

10. Reminder / Conviction:

Voice Note:

The free live masterclass is going to be rolling within the next hour.

Someone in your position is about to get the upside without the downside.

The only difference between yourself and this person is that they showed up to the free live masterclass.

You don't want to be one of those people who register for it but don't end up attending.

The link is pinned in the description, but you can get it here: [LINK]

11. Reminder:

Text:

I'm on the air as we speak.

The room's filling up quite a bit and I'm about to get into the first pillar.

Here's the link for it or check what's pinned in the description: [LINK]

12. Reminder:

Text:

You guys have still got time to hop inside of the free live masterclass.

The real value is about to start though.

Jump in while you still have the chance: [\[LINK\]](#)
